

ALP-5 Lid Placer

The ALP-5 is a two to five gallon plastic lid placer, which will allow you to place lids automatically. Lids are released and held in a chute at an angle above the conveyor. A lid is pulled from the chute as a pail is conveyed into the lid.

FEATURES

- 36" Magazine Lid Storage
- Lid Chute
- Vacuum Lid Puller

OPTIONS

- 10' Table Top chain conveyor with Roller Closer.
